Mayor Knopp Proclaims Business Women's Week

Mayor Thomas B. Knopp has issued a proclamation asking the people of Hondo to observe this week as National Business Women's Week. Mayor Knopp's proclamation follows:

"I, T. B. Knopp, mayor of Hondo, do hereby proclaim September 22-28, 1957, to be National Business Women's Week.

This annual week, sponsored throughout the United States by the National Federation of Business and Professional Women's Clubs, is set aside to pay tribute to women in business and the professions, and the contributions they make to the nation.

The theme for 1957 National Business Women's Week is, Salute Women Who Work."

Mrs. R. V. Stanga, who is employed at Hondo Air Base, is president of the Hondo Business and Professional Women's Club. The National Federation of Business and Professional Women's Clubs was founded in 1919. It is the oldest and largest national organization for women who work.

There are about 3,300 clubs in Alaska, Hawaii, and the District of Columbia. Membership is 170,000. The federation is the only organization for women which includes all professions and occupations.

THE HONDO CREEK LOOKED LIKE this Sunday morning as it came down as all of Medina County received a bank full. Heavy rains in the northern part of the county caused the big flow, as all of Medina County received a good drenching. —Staff Photo

Crowd Present For Natalia PTA

The Natalia P.T.A. held its first meeting Monday night with a good attendance including all teachers in the school system.

The assembly voted to present year books with years program and other information to each member; to have a nursery and play ground supervisor during each meeting, and to accept a tentative budget as presented by executive committee.

A membership chairman is badly needed so that membership dues can be accepted. The person accepting this chairmanship will have three helpers, Mrs. Vera Penland, and Mrs. Holt have agreed to make calls in the homes.

The association also needs a Budget and Finance chairman which is necessary in order that plans for Fall Festival might get underway soon.

After adjournment, Mrs. Col the recreational chairman led the group in a song and a game.

Refreshments were served by the officers and the chairman. Next meeting will be Oct. 14 at 7:30 p.m. in the school cafeteria with the 8th grade as hosts.

St. Paul's WMS Wednesday

The W.M.S. of St. Paul's Lutheran Church met Wednesday afternoon Sept. 4, with Mrs. Richard Lynch leading the devotional and conducting a group participation panel.

Arrangements were completed for the Junior Mission Band Rally of the South San Antonio Group to be held at St. Paul's on Sunday, Sept. 22, registration begins at 2:30 p.m.

The Society voted to sponsor a bazaar and supper for Oct. 27. Refreshments were served by Mrs. Chas. Wendland and Mrs. Floyd Ward.

Hubert Hermes New Legion Post Head

Hubert H. Hermes was installed as commander of Hal Jones Post American Legion this month. Other new officers are: 1st Vice Comm., Joe Martin; 2nd Vice Comm., O.C. Marquis; Adjutant, Hy M. Finger; Chaplain, Alfred Edward Ondrej; Finance Officer, Henry M. Finger; Chaplain, Alfred Brucks; Service Officer, Hilmer Boehle; Historian, Dr. John H. Meyer; Child Welfare, Ralph Jones; and Sgt. at Arms, Elmo Pope.

The annual membership barbecue was planned for Oct. 21st at 8:00 p.m. All veterans are cordially invited and their ticket to the barbecue will be their 1958 dues. Buddy Poppies will again be sold this Nov. 11th. This is a post sponsored project with the Boy Scouts doing the selling on a percentage basis. Part of the proceeds go to the American Legion Auxiliary for Child Welfare and Veterans Rehabilitation.

MRS. H. J. MEYER, who has been around Hondo for a long time, was picked as Hondo's politest person this month. Pinning red carnations on her dress is Elsie Stanga, president of the Hondo Business and Professional Women's Club, which sponsors the monthly event. —Polaroid Staff Photo

Air Force Secretary Calls For Complete Study Of Training

★BULLETIN

Late Wednesday evening, word was received in Hondo that the Secretary of the Air Force had ordered a complete study and evaluation of the primary flight training program, and that no decision would be reached on the status of Hondo Air Base for thirty days. The planned trip of Hondo's delegation has been postponed until the Secretary completes his study.

According to Walter Gunstream,

this action gives Hondo a much better chance, since it is felt locally that when all favorable factors are considered, that Hondo will show up very well.

Monday, September 30, was supposed to have found a Hondo delegation in the Washington office of the Secretary of the Air Force.

An appointment has been arranged, and appearing with the group will be Congressman Joe Kilgore. The complete story on

Hondo will be presented, along with facts and figures which the delegation hopes will cause the Air Force to take a new look at their plans to close the Hondo Base.

First reports had base personnel and area citizens disturbed, when last week it was announced that Hondo would be one of two schools to be closed. The reason given at that time was cost of operation and efficiency rating.

Walter Gunstream, general manager for Texas Aviation Industries, flew to Washington last week, and presented current statistics which placed Hondo in the upper third for efficiency, and the lower third for cost of operation. He was told that the net worth to the Air Force, or the amount of money invested in the plant, plus the geographic location would be considered.

Due to the fact that Hondo was originally built during World War II, and cost nearly \$10 million dollars, it is believed that the net worth factor is now favorable for this base. With the original cost, money spent by the City of Hondo, and that invested recently by the Air Force, the valuation of HAB is more than \$12 million.

The delegation Monday will include Walter Gunstream, general manager for TAI; Dr. T. B. Knopp, mayor of Hondo; Riggs Shepperd, representing the Hondo Chamber of Commerce; Paul Bybee, representing the Airfield Properties Commission; and Joe Kilgore, congressman from this district.

The group will point out that the Air Force gets more for its money in Hondo than anywhere else, due to the nearness to Lackland, Kelly and other bases, and because the field was in such good shape that large expenditures were not necessary here.

The morale here is good, since the resignations of cadets and student officers were less here than in most other locations of the command, according to Air Force figures. Recently pilots were given a choice of signing up for longer periods of duty than they originally planned, or discontinuing flight training.

The cost of moving student officers to other bases is lower here than in more remote places, due to less mileage involved for furniture vans, it was pointed out in a planning meeting held Tuesday night at the Hondo Chamber of Commerce office.

Deep Oil Test In Chicon Field

An 1800-foot test well will be drilled in the Chicon Lake Field three miles southwest of La Coste.

It will be the M. L. Wise No. 8 Joseph Gross, located 660 feet north of the No. 5 Gross, shallow producer completed Sept. 6.

The No. 5 Gross was drilled to 432 feet, and produced six barrels of 21-gravity oil daily on initial tests. The pay was topped at 409 feet, and was from the Navarro. Another Chicon Lake completion is the Etheredge & Ray Ellison No. 1 Eliz Hutzler, which was drilled to 471 feet and produced four barrels of 14-gravity oil daily. It was drilled July but completion forms have just been filed. The pay was topped at 410 feet in the Navarro. It is located about five miles northwest from Lytle.

Janak To San Antonio

Rev. Father Hubert Janak, former pastor of St. John's Catholic Church of Hondo, has been transferred from Karnes City Parish to St. Patrick's Parish, San Antonio, effective Sept. 18.

Sheriff To Have New Car

At their September meeting, the Commissioners Court voted to purchase a new car for Sheriff Charles Hitzfelder and they plan to accept bids when the 1958 models have been released.

Hitzfelder's 1955 model is to be turned over to Deputy Sheriff Williams of Devine for his use. The court authorized Hitzfelder to buy two new tires and tubes for this car.

In other business the commissioners voted to pay \$7.50 per month to the family of Anacleto Villarreal. Villarreal is now in Galveston for treatment. They also agreed to pay Mrs. Sanchez of Yancey \$10 per month. Before her husband died, the court had been giving them \$15 per month county aid.

News Story Deadlines

In order to have Anvil Herald in the post office on time, a news deadline has to be set.

News Tuesday is the deadline for all copy except for the most urgent types of stories. This means that meeting notices, elections of officers, reports of meetings, and social news is likely not to appear in that week's issue if the reports reach us after Tuesday noon.

Reporters for various organizations should make it their responsibility to have the stories turned in immediately following their meetings and not wait until the deadline arrives to turn in the write-up. Our correspondents are urged to mail their reports so that they leave their post office Monday evening.

Time required to set material in type is needed after the deadline, so that early stories are greatly appreciated. We work Friday on next week's paper. Your help will be appreciated and welcome stories on Thursday or Friday for the next issue.

Broom Corn Growers Holding Crop

Some broom corn growers are still holding their crop for a better price, according to one producer.

When asked about the situation he said that the buyers come in here with long faces and sad stories encouraging the local men to sell at the buyers price. Their stories include how good crops are or have been in other parts of the country, so the demand for Hondo's crop simply won't be as great—they say.

It costs at least \$100 a ton to reach the selling stage, so a few are holding on until they can feel justified about making some profit; otherwise they are not interested.

Car Goes For Swim

James Clay, a second Lieutenant stationed at Hondo Air Base, was driving home from Bandera before dawn Sunday morning, missed a curve and jumped out of his car in time to see his vehicle sink under fast-flowing waters of the Hondo.

The crossing was near the Fabian Garrison ranch. The car was demolished, but Clay suffered no injuries.

Mrs. Britsch Dies Monday

Mary E. Britsch, 85, born in Quihi, April 3, 1872, daughter of the late John Loessberg and wife, Julia Heberger Loessberg, passed away Sept. 23, 1957, at the home of her daughter, Mrs. Hulda Heyen.

She married Henry E. Britsch on July 2, 1892 and they had five children. One son, Robert, died in childhood.

Her husband Henry E. Britsch preceded her in death on April 29, 1940.

Those surviving are two daughters, Mrs. Hulda Heyen and Mrs. O. G. Smith of San Antonio, two sons, John G. Britsch and Alvin Britsch of Hondo, nine grandchildren, two step-grandchildren, 18 great grandchildren, and three great great grandchildren, as do also one sister, Mrs. Louis Nietenhauer of Hondo and a brother Henry Loessberg of Quihi.

Mrs. Britsch had been stricken with a stroke on May 22, 1952 leaving her bed ridden. In August she suffered a heart attack. She had made her home with the two daughters since 1944.

Pall Bearers were Horace Britsch, R. D. Miller, Ervin Heyen, Merlin Heyen, John Henry Britsch, Muriel Knox.

Delinquent Taxes Totaled

Delinquent tax notices may soon be going out to those owing the City of Hondo that \$21,165.17. This was the amount property holders were behind as of Sept. 10, according to O. L. Moss, city secretary.

Of that amount, \$6,411.04 is for the current year. Deadline for paying city taxes without penalty was Aug. 31. Interest during September is 4 1/2 percent, but rises to 6 in October, to 7 1/2 in November, to 11 in December and from January on, a 1/2 percent is tacked on to the rate each month.

Castro School Burglarized

Castroville High School was burglarized in the early hours Saturday, Alfred Bell, superintendent, discovered the burglary and called the sheriff's department and local constable.

\$190 was taken from a file safe. Entry was made through an office window. Sheriff Charles Hitzfelder, Deputy Vernon Muennink and Constable Joe Hood were able to obtain some good fingerprints and are currently investigating the case.

Hondo Juvenile Sent To Gatesville 25th

A 12 year old Hondo boy, charged at various times with shoplifting and burglary, has been apprehended after taking a car from the Jack Winkler Buick-Portiac Company on the night of Sept. 16, according to Sheriff Charles Hitzfelder.

A neighbor in the vicinity of the garage, phoned Winkler about the car being taken and Winkler, accompanied by Ralph DeMontel, caught the boy after he had driven out east of Hondo to take in festivities at the Diez y Seis celebration.

Hitzfelder says that the late

model Buick suffered some damage as it was in the process of being overhauled and was lacking oil.

This same boy has also admitted "borrowing" City of Hondo trucks parked at the water tower for joy rides around town and the area. He also named two other Hondo juveniles who have done the same, but no apparent damage has been found on the city vehicles.

The Juvenile Court had a hearing of the boy's case Wednesday and ordered him taken to Gatesville State School for Boys.

The county gilt show of registered Hampshire gilts belonging to boys in Medina County was held last Saturday in Hondo. The winning boys were as follows in their placings: Franklin Stein, Rt. 4, San Antonio, Hondo, Royce Hondo, Paul Honig, Hondo, Royce Hartman, Hondo, Larry Neuman, Hondo, Virgil Boehme, Castroville. The winning gilt belonging to Franklin Stein and the boar belonging to James Gooding of Hondo competed in an area show at San Antonio on Tuesday.

GAS REFUND
Some few people have not submitted their applications for the federal gas tax refund. The deadline for this is Monday, September 30th. Be sure to get your application in to the District Director of Internal Revenue, Austin, Texas.

Zone 4 SCD to Elect Officers

Tuesday, Oct. 1, 1957, is the day farmers and ranchers in Zone 4, the Medina Valley Soil Conservation District, will elect one of their neighbors to represent them on their District Board of Supervisors for the next five years.

The Election will be held at the Medina High School FFA Room, 4:00 p.m. on that day. Zone 4 covers all farmers and ranchers that own land south of the Railroad track from Hondo to Coote, Texas, and east of the Honey Highway.

All landowners and their wives to live within Zone 4 are urged to attend this election. Neither federal nor State has a voice in governing the local Soil Conservation District. This is the landowner's chance to elect some farmer or rancher who will help govern the zone in the Medina Valley Soil Conservation District.

C. J. Monkhous and C. D. Sadler have completed construction of 1,334 feet of broad, level ridge terraces. These will control runoff of water and prevent sheet and gulley erosion. Production of land will increase due to the conserving of extra water for use.

Milton Heyen has also completed approximately 9,000 feet of the same type of terraces. This is conservation at its best on cropland. Milton Haegelin has completed plowing a large area of his land on his ranch 7 miles south of Hondo. While rootplowing he is applying two pounds of the panic grass seed for more and recovery of his rangeland and increased tonnage per acre livestock consumption.

gation have been received in the county agent's office. These are MP-214 "Rights in Surface Water for Irrigation", MP-215 "Ground Water Laws in Texas for Irrigation", L-255 "How to Estimate Soil Moisture by Feel", L-258 "Irrigation Siphon Tubes". These publications can be received by request or visiting the office.

The 1957 turkey crop will exceed last year's record output. Storage stocks are also much larger than last year. However, more turkeys are being marketed earlier this year and should help reduce the number available for the fall market. This should result in a higher price than was expected earlier this year, but it will still be below last year's prices. Turkey prices during the first half of 1957 have averaged 15 percent below the same 1956 period while feed prices have increased 1 percent, says John McHaney, extension economist.

BEEF CATTLE PROGRAM
A beef cattle testing program for bull calves will be conducted at the Luling Foundation again this year in cooperation with Texas Agricultural Extension Service, Texas Agricultural Experiment Station, and Beef Cattle Breeders of Texas. Applications for entering animals can be received at the county agent's office.

A vaccine was developed at the Angleton Experiment Station which proved effective in protecting cattle against pinkeye, a communicable disease of great economic importance. Several commercial concerns are licensed to produce the new vaccine.

Beef cattle numbers are at a record level despite a 2 percent decline in 1956. On January 1, 1957, there were an estimated 60 million beef cattle on farms and ranches in the United States. This number is 43 percent larger than the 1950 total of 42,508,000. It is often alleged that most of this increase in beef cattle numbers has been in the South. Actually, almost one-half of the increase has been in the North, principally in the Middle West. About one-third of the increase has been in the southern states. Texas beef cattle numbers increased slightly between 1950-1955.

Garden Club Sees Corsages Made Friday

The Hondo Garden Club met at the REA Auditorium for its opening fall meeting on Friday, Sept. 13.

Mrs. Everett Vincent, Program Chairman, introduced the speaker, Mrs. G. W. Wisegarver, therapy Chairman of District VII, San Antonio. Her subject was vegetable corsages and she demonstrated the making of these corsages using radishes, carrots, turnips, wax beans, cabbage and other small vegetables.

Mrs. Vincent spoke on the types of garden clubs. The club voted to order two subscriptions to Lone Star Gardener so that it could qualify as a Regular Club.

Mrs. Riggs Shepherd, club President, presided at the business meeting which followed the program. Reports were given by the different committee chairmen and the correspondence was read.

Hostesses for the meeting were as follows: Mrs. Bill Berger, Mrs. Walter Bendele, Mrs. Paul Bybee, and Mrs. Bob Corder.

NEW COLOR TELEPHONES AVAILABLE IN HONDO
You ladies, and men too, want to rest your eyes on two shades of new colored line of telephones. We invite you to visit our telephone business office in Hondo at our earliest convenience. Due to our great demand, we have only a few colors available for display at the present time — soft pink and blue. Other new shades will be forthcoming shortly. We're glad to have these new colors available and we know you'll feel the same way when you receive them.
DON'T LOSE THAT CALL
I'm sure you businessmen in Hondo have often times thought, "I sure like to close the office early, but I'm afraid I'll lose a many important telephone calls." Fear no longer gentlemen. You ever hear of a machine that will answer your telephone while you're away, or one that will record incoming calls? We believe that our automatic answering and recording and our answering-only machines are splendid arrangements when it's necessary to leave your telephone unattended. These recorders are very compact and can set right on your desk. The essential difference between the two is that one machine answers only (this way you can tell your callers where you are, when you will return or where you can be reached) and the other answers and records. In the latter you can ask the caller to leave a message. When you return, you merely flip a switch and play back the message. Give us a call at the business office — we would be most happy to explain it in detail.
Call by number. It's twice as fast.

Jennings Gets Horns; Brings Home Tales

Ed. Note: Ray Jennings, just back from an African Safari, concludes his real-life adventure in this second installment from his diary.

AUGUST 28th: Left Nairobi about 10 a.m. Arrived here at Vio (Coy) at 6 p.m. (7 1/2 hrs., 225 miles, hot and dusty. Will spend the night here in a hotel cost 375 miles from Camp No. 1 (to this place Vio). Still have some miles to go before setting up Camp No. 3. Everything going along fine and I am very happy and pleased with everything.

AUGUST 29th: In camp No. 3. Camp all set up. Had sandwiches, tea, coffee and fruit. I took a little cold on the trip. Had a nap and feel better. No hunt today.

AUGUST 30th: Left this a.m. for elephant hunt. Drove for about 40 miles. No signs or sight of elephant. Will try again this p.m. Just returned from a hunt, saw lots of elephant signs, trees uprooted and broken down, limbs broken out of trees. Found a water hole. Lots of tracks. New and old. Will go back to this same place in the morning.

AUGUST 31st: Back to elephant water hole. They were there during the night or early morning. Cows and small bulls. Signs indicated this, but never saw them. Returned to camp for eats. Nap (everyday) for couple of hours. Went out for plains game this p.m. Hard hunt, hard luck. Saw plenty but never could get within shooting distance. Should have had at least 3 species, but got nothing. Will try in a different direction tomorrow. Hope I get a couple at last.

SEPTEMBER 1st: Made a long haul this a.m. looking for elephant signs. No good. Saw a good Oryx but couldn't get a shot. Killed two Dik-Diks which is the smallest horned animal in Africa and a little larger than a jackrabbit. Have horns about 3 inches long. Will try for plains game this p.m. Our jeep was charged by a Rhino this a.m. I could have had a picture of it, but I wasn't thinking. Went to sleep on the job, I guess. It was kind of exciting, not too much. We outran it by about 10 feet, all in the broad open, and a lot different from the scene where I made my kill. Got my Oryx. 30 1/2 inch horns (long). A good one. Guess this will be the prize for plains game.

SEPTEMBER 2nd: Got my "Hartebeest" this a.m. Hit him 3 times. Missed twice (broke front leg above knee, back leg above hock and finally a shoulder shot (far back). Missed Peter's Gazelle - 3 shots - and lost it. Found a herd of Eland but all young ones, so passed them up. P.M. finally got Peter's Gazelle - nice head. This finishes the hunt at this camp so we move out for Camp No. 4 to Makindu in the morning and will be the last stand and strictly for elephant. We have been finding elephant signs here, but few. So Makindu is our last camp and hunt, about 200 miles from this Camp No. 2. From Camp No. 1 to No. 4 is about 400 miles.

SEPTEMBER 3rd: Packing and be on our way to No. 4. Here we are, got to within 10 miles of Campsite. Got stuck in crossing a small creek with one of the big trucks, so we have set up camp here - maybe temporary - or will hunt out from here. We are at, or 10 miles from Makindu. I met and had my picture taken with Mr. John A. Hunter, one of Africa's most famous white hunters. He surely was a nice fellow. I looked forward to meeting him and it was by pure accident that I did find him at his home. Elephant hunting doesn't look too good here. Was informed by Mr. Hunter and a Game Warden, so we are in for some hard work in hunting this tonnage.

SEPTEMBER 4th: This has been a poor day. Went out this a.m. to scout. Found lots of old signs, no fresh ones. Will have a local African boy with us tomorrow and will know more good or bad news. We found a rhino this a.m. Took pictures of him. No excitement this time. We just gave him room and took pictures. Went out for small game this p.m. The hunt was a flop. Saw two bush pigs and three or four Dik-Diks. Hope tomorrow turns out better. I'm trying hard for a "Wart Hog" and a Lesser Kudu and Elephant.

Sure will be glad to see you and my family tho I dread seeing the Safari come to a close as I am just beginning to learn some of the tricks.

SEPTEMBER 5th: Saw my first, and second bunch of elephants today. Got in shooting position, about 30-35 steps and discovered he had one tusk broken and had to pass him up. I climbed up a tree and was I at home. Observed several elephants and their habits. We will go back in the morning and try for another chance, as we have them located. Herb got his this a.m. Was a pretty good one. The Africans will cut the tusk out in the morning. It takes from 4 to 5 hours to do the job. Had a partial Rhino charge again this morning while we were in the process of lining up Mr. Elephant. This is getting to be real exciting. Saw 3 Rhinos - 1 charged, 2 partial charged and one we detoured. Hiked about 12 miles on the trail of these elephants.

SEPTEMBER 6th: I got my elephant - a real good one after another 12-14 mile stalk - totalling about 25 miles. Haven't measured or weighed the tusk yet. I killed it at about 5:15 p.m. Too late to remove the ivory. Will do that in the morning. I put 5 slugs in him and dropped him in his tracks with two, at 42 steps. He looked like a box car. Right Tusk 6 feet 10 inches by 18 inches,

weighed 65 1/2 lbs. Left Tusk 7 feet 2 inches by 17 1/2 inches, weighed 63 lbs. Total 128 lbs. of ivory.

I saw a herd this a.m. of about 150. Got to within 200 yards of them. All the bulls were in the middle of the herd and to shoot in a herd is suicide, so we were glad to get rid of this bunch. They scented us and circled us for trouble so we climbed up on a high rock about 20 feet high and watched the commotion. It was a sight. I got a couple of still shots. Left movie camera at the car.

I got just about all there is. To get 4 of the Big 5 is considered extra good. In fact, I got 100 per cent as the Game Department won't issue licenses for all the Big 5 - so I scratched the Leopard and took the Lion. Four is all they will let you have on a 30 day license. (Lion, Buffalo, Rhino, Elephant)

SEPTEMBER 8th: Had a bad morning. Missed my "Waterbuck" 6 times and shot twice at a Wart Hog. I'm getting worse in my shooting as I go along. Hope I do better this p.m. The skinner just made me a bracelet out of the hair of my Elephant's tail and they claim it is good luck. I got my Waterbuck, 22 1/2 inch horns, a good one, and I got two Wart Hogs. Never missed a shot.

SEPTEMBER 9th: Had a bad morning. Missed a Wart Hog. Also missed a Bushbuck. This is the first one I saw and should have had it, but missed clean. I'll try this p.m. for something I haven't killed. The reason for shooting Wart Hogs is for tusks. I want the largest I can find. Just don't like to kill for fun. I want one of each species that I see and if I shoot at a second one it's strictly for trophy's sake. Looked for Rhino this a.m. for excitement and thrill. I am careful, tho - real careful! Don't think I'm not.

Got a nice Lesser Kudu this p.m. Been after it for several days. SEPTEMBER 10th: No luck this morning. Got another Wart Hog but the tusks were too short. Have really been Rhino scouting with my White Hunter. Saw two with small calves (babies) so passed them. One other we failed to see, that scented up, snorted and took off - opposite direction. It started to rain a little last night and that rain on the tent made sleeping too good. It has started again, but lightly.

SEPTEMBER 11th: Went Rhino hunting again this a.m. Saw 2 but horns no good. One scented us, snorted and took off. Finally came up on a good one, with good horns. We got into position and my Hunter fired first, then I fired. My Hunter's gun jammed and I got in another shot, re-loaded and planted two more. Then my Hunter got in another shot. All of this took place in ideal country, plenty of timber for protection. The earlier morning hunt wasn't too favorable...mostly brush and grass, so we didn't crowd things. This Rhino hunting is exciting. This p.m. is the last hunt. Tomorrow we break camp and head for Nairobi. Well, the hunt is all over. No luck this p.m. Saw some game

70 ATTEND ST. ANN'S MEETING

St. Ann's Society, Castroville, met Sept. 5, at Koenig Park Hall. Rev. Leo Goertz opened the meeting with a prayer.

Seven members having birthdays in September were honored as also some twelve members belonging to the Society for fifty years or longer.

A silver donation shower was the Sisters of St. Louis School.

The meeting was attended by 70 members and one visitor. Two new members were accepted into the society, Mrs. Gerard Persyn and Mrs. Lyn Tschirhart.

Bunco and cards were played, followed by refreshments.

Hostesses for the next meeting will be Mesdames: Sylva Haby, E. B. Tschirhart, E. B. Haegelin, Marvin Haegelin, Robert Haby, Quinton Haby, O. W. Huegele, Clarence Huegele, and Arthur Haby. It will be held Oct. 10 at 8 p.m.

Maria Cantu President Of Lacy School 6-A

Mrs. Gerald Harp's 6A class of Lacy Elementary School elected officers Monday.

They are: President, Maria Cantu; Vice-president, Mary Lee Saathoff; Secretary, Kay Haltman; Treasurer, David Schulte; Librarian, Donna Rhode; Sgt. at Arms, Pamela Whitten; Fire Chief, Clyde Faselier; and assistants, Charles Apts and John Douglas Gravel.

Room mothers are Mrs. Stanley Saathoff, Mrs. W. H. Rhode and Mrs. John Britsch.

I had already shot. Hoped for something I hadn't killed. This is the end of a successful Safari and how I hate to leave the bush. Everything turned out much better than I had expected.

The excitement, thrills, pleasures that I have gotten from this hunt, with all the pleasant memories that will be with me for the rest of my life, have been well worth the time, effort, sweat and expense. I have no regrets. If I had it all to do over again, I would do it exactly the same way as I did. Most important - a word about my Professional White Hunter. That's the key to the whole Safari hunt. His name is George Smart, an educated man. He is a Coffee grower and likes to hunt. His hobbies are photographing and flying - he has his own plane. I was shown every courtesy, was given every opportunity and advantage, and was looked after like I was his little boy. I had a very sad and sobbing feeling when I left him. Even knowing you will never see them again, you just can't walk off from people when they are so nice to you and show such a personal interest, without that queer feeling.

(Ed. note: During his African stay, Jennings killed the following: Grants Gazelle, Thompsons Gazelle, Wildebeeste, Hyena, Dik-Dik, Lion, Impala, Rhinoceros, Buffalo, Oryx, Hartebeeste, Wart Hog, Peters Gazelle, Elephant, Waterbuck and Lesser Kudu.

A-C Randall K. Rhiley
Cadet of Month

Aviation Cadet Randall K. Rhiley has been selected as Hondo Air Base's Cadet of the Month. He is the son of King Rhiley, Sr. of Oshkosh, Nebraska.

Cadet Rhiley is a member of Class 58-Papa, which is currently undergoing USAF Primary Pilot Training at Hondo Air Base, Texas. He won the award for being outstanding in the field of military and academic training.

A-C Rhiley served three years in the Army with a heavy mortar company. He is presently a member of the 173rd Fighter Interceptor Group located at Lincoln, Nebraska, of the Nebraska National Guard.

An all-expenses paid weekend trip to a popular Texas resort was one of the awards. Also included was a luncheon at a local civic club accompanied by Lt. Col. John C. O'Donnell, the Base Commander, and a citation from Col. O'Donnell.

Flying is not new to Cadet Rhiley as he was taught to fly by his brother at the age of sixteen. This brother, Capt. Joe Rhiley, is in the Air Force and is now stationed in Japan. He flew 153 combat missions with the 8th Fighter-Bomber Wing and shot down an enemy MIG-15 during his tour in Korea.

Owls Crush Kenedy

By Georg Gaston

Shaping out of their season slump with a big explosion of power, the Owls of Hondo, Texas, bagged their initial triumph while literally tearing the Kenedy Lions to shreds last night at Barry Field.

Big Name Stars Abound At Fair

"Big name" performers from all over the world will be on hand at the 1957 State Fair of Texas, in Dallas, October 5-20.

In line with the Fair's policy of bringing the "mostest of the bestest" in entertainment to Texas, headline stars a plenty have been booked, along with some of the top shows in the nation.

Don Albern, long a favorite of the movies and on the stage, will be starred with Anne Rogers in "My Fair Lady." And the incomparable "Ice Capades" will present some of the world's most beautiful and talented skating teams.

The Aut Swanson Thrillcade will have circus and variety acts in with the daredevils—America's foremost ragtime pianist, Johnny Maddox, well known record fans for his hilarious "Otto Medley," will be featured.

Pat Boone, singing idol of television and the movies, will be featured in his own show for one performance only, Sunday evening, Oct. 13, in the Cotton Bowl, broadcast by Dallas Radio Station 4P.

Daily free entertainment at the State Fair will be provided by the Thompson and his Brazos Valley Boys, one of the top western music aggregations, and by the Wilsons, the clever magician seen on television.

And an outstanding singing star, TV, radio, the movies and records—handsome Gordon MacKae will appear in the big free show in the Cotton Bowl that will salute Texas on Tuesday, Oct. 15.

as Coach Carver freely substituted in the second half.

The Owl ground attack, displaying a new combination which saw End Bobby Ward switch from the line to full-back, clicked in impressive fashion in rolling up some 282 yards.

Easily the outstanding ball-carrier of the ballgame was HB Bill Potsavich. While scoring on runs of 5 and 16 yards he amassed 178 yards in 17 carries, a total surpassing Kenedy's entire rushing yardage. Ward, making his first attempt at carrying the pigskin an impressive one, totaled 38 yards in 12 carries while HB Sidney Mercer managed for 36 in 9 tries.

The game had its defensive stalwarts, too, as doing bang-up jobs at their posts were line-backer Bernie Zerr, credited with a leading 11 solo-tackles followed by Co-Captain Gary Schweers and Bobby Ward, each with 8; yet it was the Owls' good-old-fashioned, bonecrushing, gang tackling that discouraged any victory ambitions that the Kenedy club might have planned.

It didn't take long for the Owls to tame the Kenedy Lions. The game was in doubt for three plays and then it was all Hondo. John Shepherd's opening kick-off traveled to the Kenedy 20 and three plays later a Lion fumble gave the Owls the ball on the visitors' 37. It took just five plays and Potsavich tallied from the five and Ward kicked the PAT.

Kenedy, trying to get back in the ballgame, took the kick-off and from their 35 advanced to the Hondo 42 only to be forced to punt. The Owls took over on the 26 and proceeded to pound out a sustained drive to the 1 foot line from where Ward bruised over with what proved to be the winning TD. Once more Ward split the uprights and the first period ended at Hondo 14, Kenedy 0.

Continuing to capitalize on the jittery play of the Lions, the Owls turned the game into a rout before the half ended. On the first play in the second period, Kenedy fumbled on their 40; and with the clock still showing 9:02 Potsavich circled right end from 16 yards out to gain a 20-0 margin.

Three Kenedy plays and the Lions once more had fumbled their chances away after charging into Owl territory. End John Korbell was the last one off the pile to give the Owls possession

and start them on their way to a 26-0 half-time advantage as Sidney Mercer scored on a 5 yarder to climax a 62 yard march. With the Owls threatening once more, the half ended as a bewildered Lion Club left the field to gather their battered forces.

THIRD QUARTER
The Owls charged back after the intermission and with a line-up now dotted by sophs and freshmen and quickly took over where they left off.

Starting on their 37 after a short Kenedy punt, Hondo ground out the yardage to the visitors 27 and then switched to the air as E. Thomas Schulte took a Johnny Meyer aerial in the left flat and raced over at 6:00. The extra-point try failed as a wild center forced Ward to drop on the pigskin.

Perhaps the most explosive play came midway in the quarter after another Kenedy fumble was recovered by Ward on the enemy 31. The next play saw Potsavich slip through a clogged left side, change directions, slide off two would-be tacklers and stumble into the end zone. However a clipping penalty nullified the play and Kenedy held the Owls on downs at the 13. Two plays later the third period ended.

FOURTH QUARTER
The beginning of the last quarter saw the visitors making a mild comeback. Richard Rice, playing a fine game for Kenedy, carried on 9 of the 13 plays and for 71 of the 87 yards to put the Lions into the scoring column with 4:06 to be played. The PAT try by QB Braun failed.

The final gun sounded with the score-board showing a convincing 32-6 victory as a warning to the next Owl opponent, the Uvalde Coyotes.

COYOTES ELEVEN NEXT
Next on the Owls football program is the renewal of a long-standing rivalry as Uvalde come to town Friday. The AAA Coyotes, boasting a versatile and fast backfield led by the running of Coleman Davenport and the passing of Steve Suttle, have won both of their opening games handily and have yet to be scored on. Friday night they defeated a Crystal City team 38-0. Starring for the Coyotes was Davenport with runs

Cowboys Crush Knippa, 24-18

D'HANIS —The Cowboys celebrated the first football game played under the lights here Saturday by toppling the Knippa Rockcrushers 24-18, in a hard fought game.

Ramon Garcia, George Tovar, Charles Edmondson, and Joe Gonzales scored for D'Hanis. Stanley Meyers was a standout player for Knippa, accounting for all three of their tallies.

The next game is scheduled for Thursday night, Oct. 3 against Medina at D'Hanis.

of 50, 60, and 45 yards. Backing him up are Bobby House, Suttle, Richard Van Pelt, and Jay Young, each one being capable of going all the way.

HOOTS WIN

In a Junior High game Thursday night at Barry Field, the Hondo Hoots over-ran a Sabinal team 19-0. Combining a steady offense, led by HB's P. Cantu and A. Gonzales, and a strong defense, the "Owls of tomorrow" were in command all the way. With the clock showing 5:48 in the first quarter, Cantu broke loose for the first marker on a 55 yard end sweep and Gonzales closed out the scoring with a 12 yarder midway in the second period and a 10 yard sweep late in the third period. Gonzales, who also played a fine defensive ball game, followed with the contests only PAT after the last TD.

Successful Season For Tom Jungman

Word has been received that Storekeeper Third Class Tom Jungman was a member of a championship team in the U. S. Navy for the second year in a row. Last years N2C San Diego team won all Western Navy honors after a phenomenal 90-10 record for the season.

This years baseball season found Jungman playing left field on the All Navy Submarine Force Team from Pearl Harbor. Subpac recently won the All-Navy tournament in Cape May, N. J. Jungman reports that it has been a wonderful experience playing with many good ball players and traveling over a great part of the country. The climax was reached when with a squad of 16 ball players, most of whom were pros, the Pearl Harbor Submarines traveled some 11,000 air miles to Cape May, to garner the All-Navy title against the best navy teams in the U. S.

Tom, along with his wife, the former Barbara Braden of Hondo, has been in Hawaii for nine months. They will be coming home in November after a 19 month tour in the navy. Jungman hopes for a coaching career after discharge, with possibly a fling at professional baseball.

Nietenhoefer Heads Band

At their first meeting of the 1957-58 year, The Hondo High Band elected Kenneth Nietenhoefer as president.

Other officers are: Vice-president, Berta Faseler; Sec.-treas., Kathy Bendele; and Reporter, Harry Haltman. The librarians are Annie Rowlett and Laura Meyer.

Several new officers were added to the band this year. To avoid the usual confusion of loading the buses on band trips two Band Managers, Richard Corder and John W. Meyer, were appointed. Their job is to supervise this operation. Uniform Custodians will be, Dolly Saathoff and Suzanne Rath. The bands new merit system of competition will be directed by two Merit Secretaries, Anna Taylor and Judy Nester.

Comets Smash Comfort, 41-0

By Gerald W. Kempf

CASTROVILLE — The St. Louis Comets turned loose a flock of fleet-footed backs at Castro Field and they ran away from the fighting Comfort Bobcats to score a 41-0 victory.

The Bobcats never quit trying but they just couldn't match the blazing speed and power of the Comets who sped to two touchdowns in each of the first, third, and fourth quarters.

The Comets opened their scoring for the night midway in the first period as Quarterback Carl Mangold broke loose on a quarter-back sneak and outraced the entire Bobcat team 30 yards for a touchdown. The speedy Mangold picked up 93 yards on 8 carries for an average of 11 yards per carry before the ball game was over. Arthur Espino's kick for the extra point was wide and the Comets led 6-0. The drive climaxed a 70 yard Comet drive.

With one minute left in the first quarter the Comets added their second score. The Bobcats were forced to punt but the hardrushing Comet line broke through to block the kick on the Comfort 35 yard line. The Comets quickly took advantage and moved the ball to the 9 from where Tailback Royce Groff circled left end for the touchdown. This marked the twenty-second straight game in which Groff has scored a touchdown. Espino booted the extra point and the Comets led 13-6.

The second quarter was scoreless and was highlighted by excellent defensive play by both forward walls.

The Comets came back strong in the second half and really poured on the coal.

Very quickly they drove 62 yards for their third score. A 15 yard holding penalty aided the Comets placing the ball on the one yard line. From that point, Groff powered over for the TD. Espino successfully converted and the Comets led 20-0.

In the closing minutes of the third quarter the Comets scored again. Mangold took a Bobcat punt on the Comet 15 and returned it beautifully, behind good blocking, to the Comet 46 yard

line. St. Louis quickly marched the remaining 54 yards for a score. Fullback Bobby Tschirhart, Mangold, and Groff picked up first downs placing the ball on the Bobcat 4 yard line from where Tschirhart bulled his way over for the tally. The hard-running Tschirhart, incidentally, picked up 175 yards rushing for the night on 20 carries for an average of 9 yards per carry. Espino split the up-rights with his extra point kick and St. Louis led 27-0.

The Bobcats, trying desperately to get back into the game, opened a passing attack as the final quarter began. But the Bobcat strategy backfired as Linebacker Jimmy Jungman picked off one of Quarterback John Sweeney's passes and raced it back 30 yards to the Comfort 5 yard line. Espino picked up the score by ripping off tackle from that point. Espino also booted the extra point giving the Comets a 34-0 lead.

With approximately three minutes left to play, the Comets added their final TD. Mangold again demonstrated his dazzling broken-field running ability by returning a Bobcat punt 25 yards to the Comfort 16 yard line to set up the score. After picking up a first down to the one yard line, Tschirhart blasted over for the touchdown. Espino added his fifth consecutive extra point of the night and minutes later the ball game ended, with the Comets winning 41-0.

The Comet's offensive machine, led by Fullback Tschirhart and Quarterback Mangold, showed a definite improvement since last week's game as the backs ran harder and the sharp blocking of the Comet line snook loose the Comet speedsters time after time. On defense, the Comets led by Lineman Brice Tondre, Linebackers Jungman and Tommy Boehme, held the Bobcats to 96 yards rushing and 6 first downs.

Next Saturday night, Sept. 28, the Comets will have their hands full as they host the strong Bracketville Tigers at Castro Field. Game time will be 8:00 p.m. and everyone is invited to see a good ball game.
